At Saint Laurence we make a distinction between Christian Service and Community Service and would appreciate our students recognizing the difference. We consider Christian Service to describe an experience where a student uses his talents or time to provide for the needs of another person in a face-to-face encounter. Examples of Christian Service would be: visiting an elderly person in a nursing home, preparing a meal at Ronald McDonald House, visiting a sick friend in the hospital, tutoring a peer, or teaching a Religious Education class. On the other hand, Community Service includes a more general sense of service that serves a larger group of people, such as the local community, in a less personal way. Examples of Community Service would be: working at a parish picnic, passing out water at a marathon, cleaning up around school, or coaching a youth team.

While we encourage all forms of service, we prefer that each of our students perform at least twenty hours of Christian Service during their four years here. Also we would like to see that all of our students perform a total of one hundred hours of service of any kind during that time.
