Viking Voyage 2014

FALL 2014
Dear Friends of St. Laurence,

We accomplished much this past year, and know that our voyage has been rewarding and challenging. As Vikings, we are determined explorers who are passionate for innovation and discovery for the betterment of the team.

As a school, we take pride in our courageous attitude that provides exclusive opportunities for our students. We are taking the lead to provide a unique academic experience that is unlike any other Catholic high school.

This voyage was filled with risks, but with faith in the mission we created an exclusive curriculum, schedule, and leadership opportunities. We partnered with DePaul University to offer cutting-edge professional development, mentoring, and consultation to support the continued growth and success of our StL STEM curriculum. We partnered with Lewis University, offering real-world methodologies within a values-centered curriculum while providing leadership advisors and professors to our students for a dual enrollment course. To further enhance the applied learning environment, we continued our corporate partnerships with Kinder Morgan and the United States Army Corps of Engineers.

We know how important athletics is to our alumni. We will navigate this challenging athletic environment while defending the glory of the black and gold. Tim Chandler, Athletic Director, continues to enrich our personnel and programs. Our new coaches, including Jeff Clemens, Matt Prunckle, Jim Maley, and Amy Keating have the values required and commitment needed to enhance our teams. They complement our last two years of hires, including Harold Blackmon, Jim Gahagan, Dennis Foley, Joe Sinisi, and Ryan Denson. Be on the lookout for continued athletic success!

We need your help promoting the essential elements of the Edmund Rice Christian Brothers. You are the foundation for success in helping us achieve our vision: becoming the premier school of choice for boys where taking risks as a team is encouraged and a disciplined, committed, and diverse family environment is evident.

We look forward to your continued support as you lead us on our future endeavors. Thank you and God Bless.

Warm Regards,

Joseph A. Martinez ’99
President
Continued success! The Class of 2014 broke the record for scholarship money earned, which makes them the highest earning graduating class in St. Laurence history.

For the second year in a row, the number of students who took the entrance exam has increased. In addition, our incoming class tested well on the Entrance Exam, with 38% of enrolled freshmen in our AP or Honors Programs. Thank you to our faculty, staff, coaches, parents, alumni and everyone who is involved in the recruiting process for your hard work and dedication to St. Laurence. Potential students and parents consistently tell me they feel welcomed and sense the family atmosphere when they visit the school.

If you know any students who are interested in St. Laurence, please contact the Admissions Office at (708) 458-6900 ext. 252, or fill out the student information form on our website to receive communication on upcoming events. You can also stay connected with St. Laurence on Facebook, Twitter, Instagram, LinkedIn and YouTube.

Thanks for all your support and go Vikings!

Truth in Details

More accolades for the Class of 2014

97% of graduates will be attending college or university in the fall

Over $9.3 million in scholarships

$72,575 in scholarship money per student

GAME DAY WITH VIKING FOOTBALL
Friday, October 10, 2014

7th & 8th GRADE BASEBALL CLINIC
Monday, October 13, 2014

GAME DAY WITH VIKING SOCCER
Tuesday, October 14, 2014

To schedule a visit on these days or any other school day please contact Mr. Joe Spano at (708) 458-6900 ext 252 or jspano@stlaurence.com

OPEN HOUSE I
Thursday, November 6, 2014, 6 to 8 pm

OPEN HOUSE II
Sunday, December 7, 2014 10 am to noon

ENTRANCE EXAM
Saturday, January 10, 2015 8 am
Please bring (2) #2 pencils and a $25 testing fee.

Transportation
St. Laurence offers a safe and affordable resource to get to and from school. Students have the option to be picked up by a St. Laurence/Queen of Peace mini-bus or yellow bus, exclusively for St. Laurence and Queen of Peace students. Buses will pick up and drop off students at a location that works best for the students and their families. St. Laurence owns (4) 14-passenger mini-buses that meet the required federal code safety standards.

For more information regarding our routes, please contact Mr. Joe Spano at 708-458-6900, x 252.
On the first days of each school year, there is a general sense of helpfulness on the part of the older students toward the younger ones.

become involved in helping make it a reality. The primary way for each of us to accomplish evangelization is to help make Christ present to each other in the ordinary events of our lives.

As I begin my tenth year here at St. Laurence, I can recall occasions when I observed members of our school community making Christ present to others. One of the first impressions I have is of the relationship between our students. On the first days of each school year, there is a general sense of concern and helpfulness on the part of the older student toward the younger ones. As the school year progresses this relationship is strengthened in numerous ways, through tutoring, mutual participation in activities, and simply mixing together in the school cafeteria during lunch. Being concerned about each other is certainly a way of making Christ present.

Since prayer is always a means to remind ourselves of the presence of Christ in our midst, each school day begins with an all-school prayer, and each individual class period begins with a prayer led by the teacher, or designated student. A number of times during the school year we gather together as a school community and celebrate Mass. The participation and reverence on the part of all members of our school community are encouragement for all present to experience Christ’s presence on these occasions.

Throughout the school year we encourage our students to reach out to others in need. While we require each student to perform some particular form of Christian Service, we also provide a number of group activities during the year as well. Food and clothing drives at particular times of the year help students become more aware of others’ needs and remind them of Christ’s appeal to us in their regard.

As we begin this school year I hope we can latch on to the enthusiasm generated by Pope Francis who is having such a wonderful impact on our world, as he extends the mission of the Church through evangelization — bringing Christ to everyone he meets.
Leadership is a process that is on-going and ever evolving.

We welcome Jeff Clemens as the new Director of Leadership. Jeff is eager to begin working with the students at St. Laurence. “Being fortunate enough to come back to a place that has so much to do with who you are is amazing,” said Clemens. “The opportunity to enhance the Leadership Program was a ‘no-brainer’ for me. My leadership philosophy aligns perfectly with what we are trying to accomplish.”

“I would like to take this opportunity to thank Mr. Scott. Mark Scott is someone who has been a recognizable, well-respected and dedicated icon at St. Laurence for over 30 years. His devotion to leadership has positively influenced the lives of many St. Laurence alumni. Mark has served as a mentor to me and I am thankful for his help in making my transition smooth and seamless. Mr. Scott left some large shoes to fill; I will do my best to make him proud!”

The Make-A-Wish Foundation gives individuals faced with adversity something to remember or draw strength from during difficult times. The most compelling parts of the stories are the celebrities who these children want to meet. Whether it’s a singer, actor or athlete, this “role model” is enamored by the kid’s strength, courage, and positive outlook on life.

The last Make-a-Wish I saw was about a terminally ill boy who loved the University of Michigan athletics. Weeks before the boy passed away he was invited to “The Big House” and went on the field to the 50-yard line. The boy’s father approached a defensive lineman to thank him for being there for his son. The player handed him something and whispered, “Matt should have this ring.” Gabe Watson, a 6’4, 335 lb. defensive lineman gave Matt’s father his championship ring from the Outback Bowl. Matt’s father said what Gabe did reminded him of something Matt would do. Gabe identified a situation in which he could act selflessly in order to help someone during a difficult time. That is the essence of leadership!

Leadership is a process that is on-going and ever evolving. In every facet of life you will be in a position to lead or need someone to be a leader. Leadership cannot be a “sometimes” thing, as we are always being studied and judged by our words and actions and you never know who is watching. Therefore you must always put forth the best version of you, which is your Leadership Legacy. I am always interested in hearing stories of Leadership. If you have a story where you witnessed or performed an act of leadership, please send it to me at jclemens@stlaurence.com.

**2014/15 Team of Team Goals** Move in the same direction towards a common goal. Renew the family atmosphere. Increase school spirit.

---

**Partnership with Lewis University**

We are excited to announce that we will be launching a Leadership partnership with Lewis University in the spring of 2015. In addition to their Leadership development through St. Laurence, students will have the opportunity to receive college credits through Lewis University. Leadership advisors, professors and graduate students from Lewis will come to St. Laurence to teach a course in Life/Career in the Emerging Workplace. This class is one of a kind in the high school curriculum. It will be tailored to meet the needs of St. Laurence High School juniors who are serious about their leadership development.
As we begin the 2014-2015 school year, we will concentrate on academic collaboration. Our teachers will continue curriculum mapping with special emphasis on projects, common guidelines and rubrics, assessment collection and common assessment data.

We have formed a partnership with DePaul University, the largest Catholic University in the United States, to assist us in the collection of data to improve instruction. DePaul will provide professional development opportunities for our faculty, mentoring programs, tutoring programs and further training for our StL STEM Program. DePaul is impressed with our initiatives in STEM education and wants to collaborate through their STEM learning center. DePaul chose to partner with us due to our innovation and challenging programs for high school students in STEM areas.

As we enter this year of academic collaboration we will continue to evaluate programs and faculty using the Danielson Method. We will also stress planning and preparation. Each day teachers will prepare an essential question on which students will reflect. The purpose of the question is to teach the students the “5E learning model” of engagement, exploration, explanation, extension and evaluation. The students will incorporate this 5E approach within the classroom as they prepare, collaborate, develop and coordinate tasks and projects.
As we begin a new school year, we are looking for alumni support for the Viking Voyage. We have a number of ambassadors in place, but we can still use more for each sport. Ambassadors are asked to help recruit more Viking Voyage members within their sport. They can also host events or help with fundraising efforts to generate financial support for the athletic program.

For those of you who are unable to commit the time to being an ambassador, we welcome your attendance at athletic and alumni events, and any financial contributions you are able to make towards the athletic program.

It is important that we continue to grow the Viking Voyage in order to remain competitive athletically, especially with our rival schools on the South Side, so any support you are able to provide is greatly appreciated.

Please contact me to further discuss how you can help Viking athletics through the Viking Voyage.

Year-End Update
The second semester of the 2013-14 school year saw continued success for many of the Viking athletic programs. The wrestling team wrapped up their resurgent season by sending four individuals to the State Meet. Senior Johnathan Gahagan finished 3rd in state at 138 lbs. He finished 40-1 on the year, with the lone loss coming in the semifinals. Johnathan is the first medalist since 2000 and the highest placer since 1994 for the Vikes. Joining him downstate were freshman Brandon Ramos (106), senior Kyle Tetzl (182), and junior Frank Tomaskovic (heavyweight).

The baseball team also had a great season, finishing 32-6 on the year. This tied a school record for wins and set the record for best winning percentage. The Vikings won the Chris Moon Memorial Classic in Tucson and captured their second straight Catholic League Blue title. They also won their fourth straight Regional Championship. Mike Kornacker led a strong group of seniors, as he was named the Most Outstanding Player in the Blue division. Joining him as all-conference were Brad Wood, TJ Marik, and Nate Tholl. Remarkably, all 9 seniors will continue their baseball careers in college.

Additionally, the lacrosse and volleyball programs had successful spring seasons. Lacrosse finished 15-4 on the year, the best record in the young program’s history. Also, they advanced to the final 16 in the playoffs for the first time. Meanwhile, volleyball captured a share of the Catholic League White title, a great accomplishment for first year coach Ryan Denson and the student-athletes.

Finally, there were some individuals who had strong showings for the Vikings. Sophomore Manny Sanchez advanced to the State Tournament for bowling, and Anthony Barrios and Pete Kopacz went downstate for track.

New Hires
We are excited to welcome Jim Maley to the St. Laurence coaching staff as the head basketball coach. The Vikings are poised to return to prominence under the direction of Coach Maley. Also, Matt Prunckle is entering his first season as the head soccer coach. Matt was hired at the conclusion of last soccer season, so he has already spent countless hours working with the program in preparation for this season. As mentioned above, Ryan Denson joined the staff this spring as the head volleyball coach. Finally, Amy Keating will take over the tennis program after serving as an assistant this spring. Please visit the STL website for more information on any of our coaches.

2014 Graduates Playing in College
Baseball
Mike Kornacker, Purdue University
Brad Wood, Northern Illinois University
TJ Marik, Austin Peay University
Alex Hitney, Heartland Community College
Alex Miller, University of Hawaii
Roger Wilson, University of St. Francis
Rob Gutierrez, Kentucky Wesleyan
Nate Tholl, John A. Logan College
Steve Schultz, Benedictine University

Football
Kevin Wierzgac, Aurora University
Julian Gonzales, Lindenwood University, Belleville
Eric Sadowski, Lindenwood University, Belleville
Bob Kelly, Loras College

Lacrosse
Jeff Sadecki, Robert Morris University
Bryce Foulk, Lourdes University

Soccer
Ramon Calvillo, Benedictine University

Track
Pete Kopacz, Loras College
Anthony Barrios, Aurora University

Volleyball
Jerry Soukal, St. Xavier University

Wrestling
Johnathan Gahagan, North Carolina State University
ACTIVITIES

There are over 50 students involved in our successful Sports Media Club.

Sports Media Club

Over the last six years, the Sports Media Club has grown under the moderation of Mr. Bill Gaichas. When the club originally started the students worked together to connect the outside world with the STL basketball games. Behind the scenes, students set up the equipment and announcers broadcasted the games live online.

Today there are over 50 students involved in the club, and not only are the basketball games broadcasted live, but now more sports and activities have been included. So if you can’t make a game, have no fear, from the St. Laurence website you are able to access games live with a click of a button!

For the 2014-2015 school year, the President of the Sports Media Club is Chris Tonika, and the Board of Directors are Frank Murray, Jack Bies, Tim Hecker, Tim Nichin and Mikey Stevens.

Sports Management Club

With the huge success of the Sports Media Club, Athletic Director, Tim Chandler, and Assistant Athletic Director, Mike Corbett, formed the Sports Management Club during the 2013-2014 school year. The officers for the inception year were Myles Bacon (President), Cesar Vega (Vice President), Jerry Soukal (Head Student Trainer), Nik Siple (Head Student Manager) and Frank Murray (Sports Editor).

This club is involved in all facets of the Athletic Department. Students become managers of our STL sports teams, write recaps of games and events for the website and even receive some on-the-job training in working with our school trainer. Even if they are not competing on a team, this is a chance for students to be involved in the successful sporting teams at St. Laurence.

Over the past two years, our alumni have reconnected with St. Laurence through the mentorship program and career class program. We are excited to take the next step and introduce our internship program, which will connect established professional alumni with younger alumni who are looking to jumpstart their professional career. If you are interested in providing or applying for an internship with St Laurence alumni, please contact Adam Lotus at alotus@stlaurence.com.

Thanks to several networking events, we were able to contact over 1000 alumni and update their current contact information. If you have not had the chance to do this, please visit our website under the alumni page to update your information and stay engaged with all the new and exciting things going on at St Laurence. This information will be compiled into a comprehensive directory for alumni to stay connected with one another.

If you are looking to provide feedback on initiatives at St Laurence, there is an opportunity to help through our Young Advisory Council. We are looking for alums from 1997 to 2009 to take part in this council. If you are interested or would like to learn more, kindly contact Adam Lotus in the alumni office.

KOZAK’S CORNER

Mark Kupiec, from the Class of ’67, longtime attorney and former STL board member, was the subject of a recent complimentary blog post in the Daily Whale. It centered around Mark’s acumen as a zoning lawyer, especially when cases come before the city council of Chicago. Nice going there, Mark! He grew up in the Garfield Ridge neighborhood of the Windy City, but now resides with his family on the far northwest side in an area known as Wildwood.

Paul Ladewski, STL Class of ’68, and a former baseball beat writer for the Southtown newspaper group, is now the Executive Director of the Chicago Baseball Museum. This state-of-the-art museum exists only in cyberspace, but big plans are on the drawing board. Paul is excited to report that the museum looks to locate in Whiting, Indiana right on the shores of Lake Michigan. Good luck, Paul. I can’t wait to visit! You can contact him about the project at pladewski@chicagobaseballmuseum.com. Paul lives in southwest-suburban Orland Park.

Steven Pikul, a class of ’69er, checked in with the office in a nice email. To summarize, Steve has spent 44 years working in many industries, mostly IT. He also enjoyed a career in professional golf with the PGA tour. Last May he earned a bachelor’s degree from Benedictine University, summa cum laude no less. He became a member of the Sigma Beta Delta international business fraternity. Thanks for the update on your interesting career path. Steve resides in Oak Forest, IL.

Thomas Fremarek, from the great class of ’79, is now Director of Food and Beverage for the Joliet Slammers independent professional baseball team. You just might have tasted some of Tom’s delicious fare at a game this summer at Silver Cross Field in Joliet. He has spent a long time (over 30 years) in the hospitality and food industry. Tom and his family reside in nearby Homer Glen. Keep up the good work, Tom.

We all now have a friend in the Burbank Police Chief’s chair. Heartly congrats go out to Mr. Richard Shore, Class of 1983, who was sworn in on June 25th at the City Board Meeting. Richard was previously a Lieutenant in the force, as well as a SWAT team leader. Chief Shore is a 21-year veteran of the Burbank Police Department. He is also a Certified Physical Fitness Trainer. The chief is single and lives with his daughter in Burbank. Now about that parking ticket that I got the other day....

Anthony Richter, an ’87 grad, has a happy new addition to the family. Christian Richter was born at 11:15am PT on July 4, 2014 in San Jose, California. Both mommy and baby are doing well. Daddy is also doing well too, just a little sleep deprived. Anthony works for the Apple Corporation (yes, that Apple Corporation). He is a graduate of the prestigious Northwestern University, Kellogg School of Management.

Brent Bowers, from the class of 1989 and a STL Athletic Hall of Famer, dropped by the school in the summer and looked great. As you might expect, Brent is still in the baseball business. He is doing very well with his Triple Crown All-Stars Baseball and Softball Academy, located in Schererville, Indiana. Brent says that if it were closer to STL that he would send his best prospects to Vikingland. For more info on the center, call 219-664-0711 or email him at bbowers2005@hotmail.com. He resides in far-south-suburban Mokena, IL. Thanks for being a loyal Viking!

David Ruckman, an alum from 2002, continues to move up the front office ladder in the minor leagues of baseball. Formerly working for the Montgomery Biscuits, he currently is the Director of Video Production for the Triple-A Charlotte Knights. The Knights are the top affiliate of the White Sox, so Dave is videotyping future Pale Hose players. Dave resides in the Queen City. Nice going, Dave, and please keep in touch. Now please just don’t tell us that you now root for the Panthers in the offseason.

Joseph Landmichl, Class of 2004, continues having a ball as the Volunteer & Docent Manager for the Palm Beach Zoo in West Palm Beach Florida. Joe led a team of volunteer eagle scouts that reimagined and designed a new Ringtail Lemur exhibit. Joe’s very proud of this major accomplishment which, by the way, saved the zoo a lot of money, and has received a lot of praise. Joe resides in Palm Springs, FL, where I’m sure it never snows at all.

CLASS OF 1965 Dear Classmates,

Our 50th Reunion is fast approaching. The reunion will take place in September of 2015, so keep your calendars open for that time. We intend to have a Friday night tailgate party before a home game at Kavanagh stadium. Saturday evening there will be some kind of banquet, and Sunday there will be a brunch at the school with a tour of the facility afterwards. Plans are to have an optional memorial mass in the chapel beforehand for our departed classmates. We feel that this program offers a distinct variety of functions, something to please everybody, and enough activity to justify a trip by our out of state pals.

We will be trying to run down classmates not in St. Laurence’s database. Later we will publish a list of those missing names and will rely ON YOUR help to track down as many as we can. The larger the group we have to contact, the better the turnout, and a better turnout means a much better time to be had by all.

I want to thank Jerry Kaczorowski, Tim Klecza, Rich Cremieux, and Bob Smith for forming our initial reunion committee, and their help and input. Go Vikings!!

Jim Gierucki ’65

If you have a submission for Kozak’s Corner, please email it to Ed Kozak at ekozak@stlaurence.com.
We are thrilled with the many ways our alumni support St. Laurence. They assist us by participating in the Mentoring Program, attending alumni events, providing financial support for annual fund and the endowment, sharing the Viking legacy with their sons by sending them to St. Laurence, and more.

In April, Scott Urban ’99 and his wife Andrea created a new named scholarship. The Urban Family Scholarship will provide financial assistance to a junior or senior student of a single parent family who shows strong commitment to his education and extra-curricular activities and demonstrates leadership in the classroom and community at St. Laurence. Scott is the son of a single Mom who made sacrifices so he could have the quality education, leadership and athletic opportunities, and strong social network St. Laurence High School offered.

Scott and Andrea Urban conducted the interviews and felt that, “The interview process was an important part of selecting the young men for the scholarship, giving us insight into their character, personality, and future plans beyond the essays or recommendation letters. It was a great experience for us to meet all of the candidates and we are excited for next year’s applicants!”

Fabian Hernandez ’15, Jack Lawlor ’15 and Christopher Thomas ’15 were recipients of the 2014/2015 Urban Family Scholarship. We are grateful Scott and Andrea choose to honor Mrs. Urban in such a meaningful way by assisting our students with this scholarship.

The Brick Paver Program continues to be an ongoing effort. Brick pavers are a beautiful addition to our Athletic Field entrance and a great way to celebrate graduation, honor a student or parent, memorialize a loved one or commemorate your reunion year. This year St. Laurence celebrates its first 50-year reunion. Congratulations to the class of 1965, you set the bar high! If you are interested in supporting the Brick Paver Program, visit the Development page of the website and click on “Paving the Way.”

2014 Annual Report
July 1, 2013 to June 30, 2014

Thank you for responding to our invitation to “Walk with Us” in Annual Fund ‘14. We are grateful for the 558 alumni and friends of St. Laurence who chose to support our effort and contributed $475,967 to Annual Fund ‘14. We are proud to welcome 67 first-time contributors and pleased to recognize 174 donors for five consecutive years of giving. Our total number of donors increased 13% from last year’s number of 515. Annual Fund ’14 provided financial assistance to families in need, funded the upgrading of our wireless computer network, provided additional technology in classrooms, including projectors and laptops, renovated the library into a learning resource center, and completed a variety of smaller projects.

Thank you again for supporting our current Vikings. Our students are taught that they stand on the shoulders of those who came before them. Your support substantiates that teaching!

Anne Tucker
Director of Development

Proverbs 3:5-6

Trust in the Lord with all your heart, and do not lean on your own understanding. In all your ways acknowledge him, and he will make straight your paths.
