The past four years taught me the importance of unity. Unity is the state of being whole. It is the opportunity to bring vision to the blind, trust to the uncertain, and courage to the timid.

Building unity is not easy, but should be the priority of every leader. Unity is necessary for success because it aligns the organization toward a common purpose. Our purpose at St. Laurence is to live the Essential Elements of an Edmund Rice Christian Brother. This year we focused on Essential Element #7: Pursue excellence in all endeavors.

What does pursuing excellence mean? If our vision is to become the premier school of choice on the southside of Chicago, then we must promote a strong academic curriculum and cultivate a desire for excellence. It also requires us to develop an educational culture that fosters growth of the whole person, higher order thinking, and life-long learning.

These tasks allowed us to lay the foundation for continued success. I am proud of the St. Laurence community and our most recent accomplishments. I pray these accomplishments ensure the trust of our faculty, alumni, parents and students. As Mark 3:25 states, “If a house is divided against itself, that house cannot stand.” Jesus made this statement knowing the difficulty of executing initiatives and creating change. He understood that leaders must align vision, trust, and courage in order to build a home where everyone is welcome.

St. Laurence’s doors are open to you, and we always welcome you back. Our community is the foundation for success. Unify with us through prayer, time, and financial commitment as we continue on our future endeavors. Thank you and God Bless.

Warm Regards,

Joseph A. Martinez ’99
President
Alumni and their families are always welcome back to St. Laurence for events. This Christmas, we hosted the first annual Breakfast with Santa. We look forward to having these and other family-friendly events in the future.

**Students represented** 81 different grade schools from the Chicagoland area and surrounding suburbs. The students who tested also scored well on the exam, with nearly 40% testing into our Advanced Placement or Honors Programs. Great job Vikings! We look forward to having you in our Viking family as we pursue excellence in all endeavors.

These successes in admissions are attributed to the outstanding administration, faculty, coaches, alumni, parents, and students who show a dedication to St. Laurence in all they do on a daily basis. Prospective families and students who visit St. Laurence on a Viking Visit Day, Open House, Meet and Greet, or any school event see our great faculty and staff in action and feel the love and commitment they have for our students. This makes them want to be part of St. Laurence. Thank you to all of the Viking community — our successes are a direct reflection of all of you.

**My involvement** in many extracurricular activities in elementary school has taught me to manage my time well, be a team player, and given me many leadership qualities that I hope to expand on at St. Laurence. Playing several sports, being the captain of my football team, an altar server, a member of student patrol, and an active boy scout, have provided me with opportunities to serve my community and become a well-rounded young man. Attending St. Laurence will only further my leadership abilities and encourage my drive to succeed. The times I have spent at St. Laurence over the past few years have reinforced my decision to attend this great school. I have attended events such as baseball and football camps, football jamborees, open houses, and shadow days. I have gotten very familiar with the school campus, and many of the current students, teachers, and coaches. Whenever I visit St. Laurence, I can feel the sense of “home” that so many students have told me about. Walking the halls of St. Laurence, I already feel like I am a part of the special Viking family.
Students reflect on their relationships with their parents, other family members, friends, and God.

The Kairos Retreat program has been voted one of the top ten events by seniors for many years. This retreat is an opportunity to look into one’s life and share experiences with others, learn what makes a good friend and honestly look into the relationship individuals have with God. Junior and senior students may go on the Kairos retreat.

Usually, students develop empathy, affection and learn how to leave their world of self-reliance and occasionally ask for assistance from others. Also, many students have reported clarifying, developing or starting their personal relationship with Jesus. Many new friendships are started on Kairos and old ones solidified.

There are team members on a Kairos retreat who give talks. Except where noted, team members volunteer for the talk they are willing to present. The retreat also includes a number of rituals, reflective activities, recreation times, and the sacraments of Reconciliation and Eucharist.

To dispel some doubts, the retreat is not designed to deprive the retreatants of sleep, nor is it a form of brainwashing. On the contrary, we try to make sure that students get enough sleep during the retreat and the atmosphere is one of openness and honesty. Much of the substance of the retreat comes from the students themselves, as they reflect on their relationships with their parents, other family members, friends, and God. That is the heart of the retreat, students taking time to reflect on all their relationships in a safe environment.

Being the rector for St. Laurence’s Kairos 62 retreat was an opening of a door to new experiences, and at the same time it was a visitation back to the experience I had on my first Kairos. This new leadership position required me to step up, not to lead a group of schoolmates through an obstacle course, but to speak to them and let them see their self-worth. I wanted to show them from my position that they can all be leaders. Being called to lead this retreat, my goal was to give the retreatants an eye-opening experience similar to the one I had and help them to be all that they can be. It was a real test of character and the body as well, as there were a lot of sleepless nights and a lot of tough decisions to make. I owe some credit to the other student leaders who helped this retreat to be the best it could be. It would not have been the same without you guys. I take this opportunity to share the spotlight with them now: Thank you to Tim Hecker, Chris Wetzel, Jake Heeter, Tim Nichin, and Valentin Hanacek. And to all Kairos retreatants, LT4. I also want to thank St. Laurence for the opportunity to become part of this tradition; this truly was the highest point of my Viking experience.
Leadership guru John C. Maxwell identifies the definition of leadership in one word — influence. St. Laurence students have embraced this definition and have taken it as a challenge in their own development. 31 seniors were identified and accepted the challenge of leading a team for our team of teams program. While it has been a challenge to maintain momentum the students have done an outstanding job remaining positive and moving forward. The students continue to work on their ability to influence and lead others and form a sense of unity.

In September, three students earned the opportunity to go to the ACTION Leadership Workshop in St. John’s, Florida. The Workshop is run yearly and is attended by all of the Edmund Rice Christian Brothers Schools from the U.S., Canada, Argentina, Uruguay and Peru. Juniors Dennis McCarthy, Brian Lyle and Josiah Jurevis represented the St. Laurence students well. They came back to Burbank with a proposal to begin the W.H.I.P. Club. W.H.I.P. is an acronym for We Help Impoverished People. The club was inspired by the trip and the challenge to live up to the third essential element of a Edmund Rice Christian Brother school which is to Stand in Solidarity with those Marginalized by Poverty and Injustice. The students have enlisted the help of their classmates and have influenced them to assist in the effort.

Leadership Week 2016 was a success! Chris Bowers was the guest speaker and he did not disappoint. Throughout the week students worked on “The Black and Gold Machine Challenge.” (The Black and Gold Machine was adopted by our students as the name of their cheering section during football and basketball games, in honor of the cheer that was chanted by the football powerhouses of the 70’s and 80’s.) This Team of Teams STEM challenge gave the students the opportunity to build a cost-effective machine that can carry at least 10 pennies and travel 2 meters under its own power. Students were given an hour each day to work on the machine that was presented on January 29.

We must always keep in mind that the decisions we make and actions we take are being watched and judged by the people around us. We must continue to be the best version of ourselves every day and be a positive influence to those with which we surround ourselves. Sail On Vikings!

**During Leadership Week, students were identified by their peers and recognized as emblematic leaders for their outstanding leadership qualities.** These and many other students at St. Laurence High School continue to use the opportunities afforded to them to develop into young men of courage, pride and influence on a daily basis. Congratulations Vikings!

**Loyalty** Anthony Rios  
**Empowerment** Cristian Garza  
**Attitude** David Ruiz  
**Duty** Mr. Bill Gaichas  

**Empathy** Dr. Tom “Doc” Pallardy  
**Respect** Brendan Cavanaugh  
**Selfless Service** Mathias Morales  
**Honor** Michael Hyland  

**Integrity** Colin Dwyer  
**Personal Courage** Matt Bragiel  
**Leader of the Year** Alex Martinez
Strengthening our incorporation of technology in the classroom, our incoming freshman Class of 2020 will be 1:1 with iPads.

**St. Laurence’s 1:1 Program** Several years ago, St. Laurence recognized the value technology has in enhancing education, and started the process of incorporating technology regularly into the classroom. After restructuring the curriculum, which is now project-based and emphasizes real world application and deep level analysis, the next step is incorporating 21st century technology that will enhance our StL STEM curriculum.

Our incoming freshmen Class of 2020 will be the first class at St. Laurence to go 1:1 with iPads. This means that each freshman student will use an iPad to enhance his education. Currently, each teacher has received an iPad and is receiving ongoing professional development from department tech leaders, DePaul University, and other educational leaders.

While this is a new addition to St. Laurence’s technology plan, we have a long-standing Computer Lab Assistant Program and Computer Coding Class offered through Lewis University that empower students to develop tech skills.

**Lewis University Coding Class** St. Laurence started a partnership with Lewis University last school year, offering free on-site dual enrollment classes for college credit. A new Lewis dual enrollment Computer Science coding class is now being offered, taught by Dr. Klump, a professor and Chair of the Computer and Mathematical Sciences Department at Lewis University. Dr. Klump teaches a group of students from the Computer Lab Assistant Program, who are under the direction of Mr. McLean. These students are being exposed to college-level Computer Science and a variety of technology topics.

**ACT Prep Class** This December, many members of our junior year O’Toole Program took the ACT after completing a 10-week ACT Prep course facilitated by St. Louis University Dean of Law and St. Laurence alum, Mr. Dan Keating ’79. The experience greatly improved our student’s ACT scores in all categories. Some students increased their composite score by 6 points. Our students have been applauded for their hard work and are encouraged to continue to prepare for the ACT and take the test multiple times. Research shows this method is the ideal approach to improve ACT scores. January began STL’s second ACT Prep Course offering at the school through ExcelEdge.
STUDENT-ATHLETE RECOGNITION
Congratulations to the following fall and winter student-athletes who earned individual awards during their season.

Football
Alex Martinez, Sr.  All-Conference, CCL White Offensive Player of the Year, IHSFCA All-State, & Chicago Tribune Special Mention All-State
Anthony Rios, Sr.  All-Conference and IHSFCA Academic All-State
Nick Sadowski, Sr.  All-Conference
Willie Walton, Sr.  All-Conference
Jimmy Burnette, Jr.  All-Conference, IHSFCA All-State, Chicago Tribune Special Mention All-State, & News Gazette Special Mention All-State
Doug Kosch, Jr.  All-Conference
David Lox, Jr.  All-Conference
Fayezon Smart, Jr.  All-Conference, IHSFCA Honorable Mention All-State, & Chicago Tribune Special Mention All-State
Coach Harold Blackmon  CCL White

Soccer
Adrian Mora, So.  All-Conference
Danny Garcia, Fr.  All-Conference

Golf
Angel Sandoval, Jr.  IHSA 2A State Qualifier

Cross Country
Cesar Vega  IHSA Sectional Qualifier
Jorge Velazco, Sr.  IHSA Sectional Qualifier

Bowling
Manny Sanchez, Sr.  All-Conference and CCL Lawless Award Winner
Matt Corona, Sr.  All-Conference
Juan Escamilla, Jr.  All-Conference and IHSA State Qualifier

STUDENT ATHLETE HIGHLIGHT
Anthony Rios  Class of 2016
From Old Quarry Middle School in Lemont, Anthony is a tremendous leader in the classroom and on the field. He carries a 4.3 GPA and is a captain of both the football and baseball teams. He was a 2-year starter on the offensive line and part of this year’s record-setting semifinal football team, and also a 2-year starter for baseball, where he is catcher and bats in the middle of the order.

Future is Bright for Soccer
The soccer program is young and talented with a bright future ahead. Despite having over 70 student-athletes in the program, there were only 5 seniors on the team. All 11 starters will be back next year for the Vikings, and many of them were freshmen and sophomores this year. That experience is sure to benefit the Vikes as they look to capture their 2nd CCL title in 3 years. Also, the sophomore team finished the year 13-3-1, so there will be even more talent joining the varsity squad next year.

ATHLETICS

FALL AND WINTER SPORTS UPDATE
Football Has Historic Run
This fall saw the best football season for the Vikings since 1979. They captured their first Chicago Catholic League Title since 1987 and advanced to the IHSA Semifinals for the first time since 1979. The Vikes finished 10-3 on the year and set a new single-season scoring record with 566 points on the season (43.5 points per game). With such a prolific offense, a number of individual records were broken. Alex Martinez is the new single-season (2,534 yards) and career (4,024 yards) passing leader. Fayezon Smart broke the single-season rushing record with 2,046 yards, while Willie Walton set the new single-season receiving yards mark with 1,009 yards. Finally, Mauricio Garibay set a new record with 71 extra points kicked.

Future is Bright for Soccer
The soccer program is young and talented with a bright future ahead. Despite having over 70 student-athletes in the program, there were only 5 seniors on the team. All 11 starters will be back next year for the Vikings, and many of them were freshmen and sophomores this year. That experience is sure to benefit the Vikes as they look to capture their 2nd CCL title in 3 years. Also, the sophomore team finished the year 13-3-1, so there will be even more talent joining the varsity squad next year.

Bowling Has Historic Run
For the 2nd straight year, the bowling team reigned supreme in the Chicago Catholic League. After dominating the regular season, the bowlers rolled to the Championship at the CCL Tournament. Additionally, the varsity team took home tournament titles at the Oak Lawn Invite and the Morgan Park Invite this year. The Vikings advanced to the Sectional where they bowled well, but came up just short of returning to the State Finals. Junior Juan Escamilla advanced to the Finals as an individual. Senior Manny Sanchez won the Lawless Award in the CCL and senior Matt Corona and Escamilla joined Manny on the All-Conference team.

Basketball on the Rise
After winning the most games since 2008-09 last season, the basketball team faced a grueling schedule that included a number of ranked teams to open this season. While they had a chance to win almost every one of the early season games, they struggled to a 1-6 start. However, the tough competition and the close games gave the Vikings confidence as they entered 2016. As of mid-February, they were 14-12 and in the semifinals of the Chicago Catholic League Tournament. The growth in the program in the two years since Coach Maley took over has been impressive, and his first freshmen class lost only two games all season under the tutelage of Jim Traci ’72.
Three new clubs join our many existing activities, reflecting the diverse outside interests of the St. Laurence student body.

Laura Baldwin
Activities Director
English Teacher

Wow! I am constantly amazed at the various interests St. Laurence students have in outside activities. This year, three new clubs have been started successfully. All clubs and activities can now enjoy and use the newly renovated Learning Research Center (formerly Library), featuring open work space and over thirty new computers.

First, students approached Mr. Corbett regarding a Book Club. He and the students meet weekly to have in-depth discussion on the books they are reading, including the themes they find in the text. How wonderful to have such renaissance men at STL in our newly renovated “classroom library.”

Freshman David Ruiz has formed the Model UN Club. This club models itself after the United Nations, and is the perfect fit for students who want to learn about other countries and their cultures. It also has enabled students to enhance their research skills, perfect their problem-solving skills, learn the correct form of debate and public speaking, and guided them in understanding the world around them. It has been exciting to be a part of this group as the club moderator.

The biggest club to premier this year was the E-Sports Club. Students met and signed up for the gaming platform of their choice, had their gaming skills evaluated, and then St. Laurence teams were formed to compete against outside teams. The attendance at the inaugural meeting proved this should be a very successful club.

Although very diverse clubs in nature, it is wonderful to see our students bonding together over various activities. St. Laurence has something for everyone, and these three clubs make that point apparent.

In the works currently are the junior and senior proms. The junior prom will be held with Queen of Peace on April 15 and the senior prom is slated for May 6. Both nights should be memorable for our students.
Thank you to all who attended the Viking Pride dinner and raised over $27,000 for St. Laurence.

2016 will be another exciting year for us. We will be celebrating the 50-year Reunion for the class of 1966 on the weekend of September 9. There will also be an all-school reunion during the football game against Bishop Mac that evening. The classes of 2006, 1996, 1986, and 1976 will be highlighted. If you would like to be a class representative for your class, please contact me in the Alumni Office or email me at alotus@stlaurence.com.

Our newest class of Hall of Fame inductees was honored at the Viking Pride Dinner. There were over 225 people at St. Laurence to welcome them into this distinguished group. Thanks to everyone who came out and made this event a huge success. With your help, we were able to raise more than $27,000.

The Final Four is one of my favorite days of the year. Not only is there college basketball, but I also get to see over 600 people come to STL and support our school for our largest fundraiser. It’s always great to see people come with their group of classmates to hang out and enjoy a night of blackjack, basketball, raffles and craft beer. If you haven’t been here for the Final Four Extravaganza, it’s a great night and greatly benefits the students of St. Laurence.

The Annual St. Laurence Golf Outing has been very successful the past few years. Due to the large attendance, we are moving to a different course, Broken Arrow in Lockport. This will also be a great opportunity to try a new golf course, while staying local. If you are interested in getting a foursome together, please visit www.stlaurence.com and click on Alumni.

Career Classes for Students is in its third year, and this year were held as career lunches so our students could learn to interact in a business lunch setting. Over 250 students took advantage of these career presentations. Over the past three years, our students have had the opportunity to hear more than 45 professional alumni talk. It’s great to see our alumni interact with our students and teach them the importance of being St. Laurence alumni.
KOZAK’S CORNER

Share your news with the St. Laurence community.

September. Tim had a stellar career as a lineman here at St. Laurence and is in our Athletic Hall of Fame, and went on to Notre Dame to play football under the legendary Lou Holtz. As a Golden Domer, Tim was on the National Championship team for the Irish in 1990. Tim played over 11 seasons in the NFL for the Kansas City Chiefs. He is currently the offensive line coach at Bishop Miege High School in the Kansas City area, where he and his family reside.

Matt Danielewicz ’08 is working as a freelancer in the film and television industry here in Chicago, and is also working with a sports production/marketing company. He recently worked the 2016 Semper Fidelis All-America game in Carson, California. He is single and living in Chicago.

Paul DiGangi ’98 is currently working in the banking industry. Specifically he is employed by BMO Harris Bank as a financial reporting manager. He and his wife Melissa have one child, Brayden. They live in northwest suburban Mount Prospect.

Jeffrey Hall ’89 was recently named the Podiatry Section Chief at the Aurora West Allis Medical Center in West Allis, Wisconsin, a suburb of Milwaukee. Dr. Hall lives in Oak Creek, WI. By the way, doc, what do recommend for this bunion that’s been bothering me lately?

What’s your big news? Engaged? New job? Won an award? I’d like to know about it! Send your submission, with accompanying photo(s) if possible, to ekozak@stlaurence.com or fax to 708-458-7616 or mail to Ed Kozak, Alumni Office, St. Laurence High School, 5556 W. 77th St., Burbank, IL 60459-1398. Note that not all submissions will be used, and all are subject to editing. I look forward to hearing from you.
Welcome Bob Hogan to our Development Team!

Welcome Bob Hogan
I am excited to welcome a new member to our development team. Bob Hogan ‘90 is returning to St. Laurence and will be the Vice President of Institutional Advancement. Bob was Director of Annual Giving at St. Laurence from 1995 to 2004. When asked why he was returning, Bob said, “I’m returning because I believe what St. Laurence offers young men is entirely unique, and I am inspired by the commitment and vision of the St. Laurence administration and leadership team. I am forever grateful for my experience as a student at St. Laurence. The faculty and coaches challenged me to be the best I could be in the classroom, on the field and in life.” Welcome, Bob. I look forward to working with you and expanding our advancement efforts.

THANK YOU!
Switching gears, I want to recognize and thank the Fathers’ Club, Mothers’ Club and Laurenta Club for all they do to support St. Laurence.

Fathers’ Club is present at all home football and basketball games manning the concession stand. They host a Super Bowl Party, and a Car Show. Fathers’ Club members volunteer for the Final Four dealing blackjack, selling raffles and working at a variety of tasks. All the dollars earned at these events help St. Laurence. Fathers’ Club also sponsors and fully funds the TAP Program. The TAP Program was designed to assist STL families with tuition payments for the STL students whose parent passes away during the school year. Thank you to all the dads who volunteer so many hours of their free time to help our students and families.

Mothers’ Club is also an indispensable organization at St. Laurence. Our moms work hard organizing and sponsoring many events such as Trivia Night, Bingo, Back to School Night Bake Sale, and, my personal favorite when my son was a student here, the Mother/Son Dance. All of these events take countless hours of preparation and planning to raise dollars needed for the school. Thank you to all the mothers who give of their time and talent for these events.

Laurenta Club is a group to be recognized as well. These alumni parents chose to continue their close involvement with St. Laurence even after their son graduates. They host the annual Craft Show and an Afternoon at the Horse Races to benefit the school. They serve dinner at the Mother/Son dance so the Mothers’ Club moms can enjoy the evening with their sons, along with serving food at the Final Four. They give of themselves long after their sons graduate.

The fundraising effort these three organizations put forth is tremendous. Last year they collectively raised over $55,000 for St. Laurence. I want to take this opportunity to thank them for all their hard work and dedication. Everything each of these clubs do is appreciated. THANK YOU, THANK YOU, THANK YOU.

At just over the halfway point of our fiscal year, $214,526 has been contributed to AF16. Thank you to alumni and friends who have supported Annual Fund ‘16 thus far. Some of the areas your generous donations have had an immediate impact on are: improved classroom technology, financial assistance to families in need, construction of an indoor football turf room, 30 new computers in the media center, and fresh paint throughout the entire building. If you have not yet supported Annual Fund ‘16, I ask you to make your donation now and support our current Vikings and their families. There is still work to be done to provide our students with the best possible academic programs, athletic opportunities and campus facilities to make St. Laurence High School the premier school of choice on the south side.

I’m looking forward to a great second half of the 2015-2016 school year.

Anne Tucker
Director of Development
PADS Coordinator
50 Years Have Gone By!

It’s time for a reunion of the Class of 1966. We’re putting together a weekend of events, and you can choose to be part of any or all of them. On Friday, September 9, we plan to tailgate for a couple of hours before the 7:30 p.m. kickoff of the St. Laurence vs. Bishop McNamara game. Saturday’s events are tentative, but plan on a Sunday morning mass, September 11, dedicated to our deceased classmates, followed by a brunch. Spouses are welcome. Details to follow.

Please check out the list of missing 1966 graduates below. If you know the whereabouts of any of them, let us know so that we can add them to our contact list. If you would like to research the whereabouts of any lost alumni, please do so. The larger the turnout, the better the festivities.

If you served in the military, please contact Ed Kozak at 708-458-6900, x 244 to be recognized at the reunion. We will be in touch with updates and more information.

We could still use your help as part of the committee. Please contact Adam Lotus at 708-458-6900, x237 if you’re interested.

Lastly, thank you to the Class of 1965 for their generous class gift. They raised $3,875 to support St. Laurence!

The Class of 1966 50-Year Reunion Committee
Tony Blasco, Rich Goulet and Jerry Saternus

BRICK PAVER PROGRAM

Class of 1966... Be a part of St. Laurence history with a brick paver commemorating your 50th anniversary.

Classes of 76, 86, 96, and 2006... Be a part of St. Laurence history with a brick paver to commemorate your class anniversary.

Class of 2016... Parents, honor your son’s graduation and be part of St. Laurence history with a brick paver.

Alumni of all years... Remember your years as a Viking and be part of St. Laurence history with a brick paver.

The Brick Paver Program is ongoing. Brick Paver orders received by June 30, 2016 will be installed by the fall. There will be a walkway ceremony the afternoon of September 9 with drinks and hors d’oeuvres for those from the all-school reunion classes (66, 76, 86, 96, 2006) who purchase bricks. If you have any questions regarding the Brick Paver Program, please contact Anne Tucker at 708.458.6900, x262 or via email at atucker@stlaurence.com.
Proverbs 3:5-6

Trust in the Lord with all your heart, and do not lean on your own understanding. In all your ways acknowledge him, and he will make straight your paths.
